

## Company Profile

Technical Resources Corporation, in business for over 20 years, was founded by Frank Mascetti in 1993. TRC is a Manufacturers' Rep firm which specializes in manufacturing, inspection and synergistic products for the PCB assembly industry. Frank holds a B.S.E.E. from the University of Maryland and has worked for such companies as Westinghouse, Racal-Milgo, GenRad and Tektronix before founding TRC.

The combined resources in our company provide more than 55 years of experience serving the electronics industry in Florida, Puerto Rico and the Dominican Republic.

### TRC Business Philosophies:

- Know our customer's unspoken needs: "listen to what they want...deliver what they need"
- Provide our customers with the highest quality products and services available at cost-effective pricing, through our knowledge-based decisions.
- Provide synergistic and complimentary product offerings, thus providing total, integrated solutions.
- Understand our role in our customers' organizational chart: "vendor", "supplier", "consultant"...a "technical resource"
